## Features and Accessories...

Easy lift off LCD brackets are supplied for mounting larger flat screen monitors.

Fixed lift off plates are the most cost effective solution for mounting smaller screens. Perfect for monitors with 75/100 VESA fixings that will be located at a low level.

Speaker Mounts from the Novus More Space range.

Evolution Speaker Mounts can be colour co-ordinated to match the media wall powder coated finish.

Integrated cable management tray (supplied as standard).

Hollow feet allow cable access through the access floor below. Levelling feet are fitted as standard to provide adjustability. Base plates are available for a more permanent floor fixing.

Titlable railing system guarantees all screens are angled the same, up to 30 degrees.

Fully adjustable monitor mounts are recommended for smaller flat screens with 75/100 VESA fixings that will be located at high level. Their adjustability will allow tilting for better viewing angles.
